

Hi brothers,

Please forward these updates onto your chapter presidents, membership VPs, and chapter advisors. Chapters can still choose to lead their own virtual pledge education meetings if they want as well, this on-demand course is an alternative option for anyone who needs it.

1. The Introduction to Alpha Phi Omega New Member Education is now available on-demand in the APO Online Learning Center. A link and instructions for accessing this are attached. This takes them through all seven modules in the Intro to APO pledge manual. This on-demand course carries on the education process they would normally be doing in person with their pledge class. Upon completion, they will get a certificate to provide to the Pledge Educator or Membership VP.

2. Here are the Pledge Ritual and Initiation Ritual Virtual Arrangements and corresponding supplements. These are also available in the OP Library under "Virtual Ceremonies". This takes them through the ritual & gives setup and instructions in a virtual setting. The supplements are visual PPTs a chapter should use while conducting a virtual ceremony (share screen feature).

3. Chapter Services at the national office is working on creating more officer training videos on demand. Several are already available & easy to access through the new APO app.

I've added the On Demand Instructions to our region website. We cannot publish ceremonies, so the attached **Pledge Ritual & Initial Ritual PDFs are only available via email or on the OP Library**. Let me know if you have any questions.

Thank you! Love & LFS,

--
